1. The World and Its Problems In the grand reign of the Ancient Elden Empire, the lands between the Elden and the Dammed Lands experience a tumultuous time. Lord Garza entrusted the care of the Ancient Empire to the twin deities, Illumin, and Heim. Despite numerous attacks from marauding monster tribes, they faithfully protected the lands between and received the support of the Elden and Dammed. However, the existence of the two great deities has come to an end and the lands between have been beset by a mysterious crisis. Heim, the damming deity of death, is in a state of near-madness after freeing the fiend known as Hades. Illumin, the travel deity, has been brutally murdered and left at the altar of Herimorta. Not only do these phenomena have dangerous repercussions, but the mysterious behavior of the two deities is unknown to those they once served. If one is to be believed, all is not well for the lands between. And despite the overwhelming peril, the lords of the Dammed Lands have thrown open the door for those who seek a new destiny. You live in the midst of the time of trouble.

And yet, just as you head into your high school days, your world begins to crumble. Your father is falsely accused of being a traitor to the Dammed Lands and the Lord disappears. With your father accused of treason, everyone in your hometown has turned on you. You have nowhere to turn, and you are forced to flee from your family.
